

AIR CANADA x IKEUCHI ORGANIC

- Organic towel connects Canada and Japan -

We are proud to announce that our towels were selected by AIR CANADA and distributed to all passengers on the inaugural flight from Montreal, Canada to Tokyo, Japan on June 1st, 2018. AIR CANADA was impressed with the concept of IKEUCHI ORGANIC for producing the highest quality products with minimal environment burden.

Air Canada is Canada's largest domestic and international airline serving more than 200 airports on six continents. Canada's flag carrier is among the 20 largest airlines in the world and in 2016 served close to 45 million customers. In addition, Air Canada is the only international network carrier in North America to receive a Four-Star ranking.

Call it the Paris of North America or the most European city, Montreal is the largest French-speaking city in the world after Paris with historic buildings dating back to the 1600's. We believe our organic towels will connect Canada and Japan through this opportunity and hope to deliver truly organic and safe products to people all over the world.

IKEUCHI ORGANIC INC x ICE HOKEY SUPPORT
We support JAPAN SELECT HOCKEY team that participates in Quebec International Pee-Wee Hockey Tournament (Pee-Wee Quebec) which is held at Videotron Center every February. We, IKEUCHI ORGANIC would like to support "Japan Select" that competes against the world's best with our truly organic towels.

We, at IKEUCHI ORGANIC, make the most luxurious, eco-friendly, and safest products using 100% organic cotton (non GMO) at our wind-powered factory in Imabari, Japan. Our company mission is to manufacture edible towels by our 120th anniversary. We strive to make not only the safest towels ever to be made but also eco-friendly towels using 100% wind energy at our factory and offices.
